A member has raised the issue with the release of Weekly Parent Communication. It was mentioned that for the past few weeks, the Weekly Parent Communication has been coming in during the middle of the day on Monday. This is causing a concern for the parents since they are getting interrupted at work thinking that they are receiving an urgent message regarding their students. It was suggested that the best time to send it is on Friday night. This allows parents to thoroughly read them, have time to discuss it with the students and to plan their week.

Meeting called to a close at 4:45 p.m., without dissent.
